For all the Poetic Type of Love readers

*Tryna start the next one but this one got me stuck in a time zone
This one got me trapped in the love tone
First one help me see I'm not alone
And the second showed me people that I've outgrown*

poetictypeoflove_thislove

We put our time into this love
We put our dimes into this love
We never stepped back or sat back
We came back from setbacks
Cause we publicized this love
We never thought to keep it private
So we took it and shared it
We took time to spread it

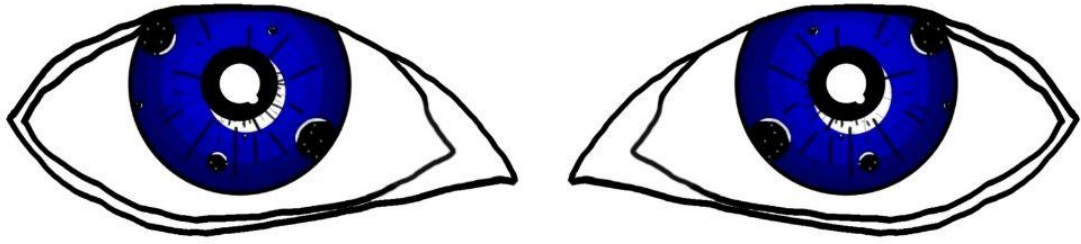

Duma X

Precious

When I think about you
You are my refuge, my rock
My key to the kingdom, the source of my only strength
When I think about you
You are my Precious and future wife
Mother to our baby daughter girl
I can't give all of the world to you
But what I have I can give to you
Ring on your finger I'll marry you
This is a flight no returning you

Duma X

Eyes

The windows of our minds and mirrors of our hearts reflecting our true love

Eyes

A portal to a galaxy of constellations and stars that goes beyond our wildest imaginations

Eyes

The gateway to the inner being of one's soul

Eyes

That's what I see in yours, but what do you see in mine?

“Non Perishable Sense of Love”

I wrote a letter using my tears
It took thousands of drops to get it done
It took my breathe and smile nearly got my Soul

Sent Mr. Lincoln I had on white fingers when holding him!
The hand of waters touches,
Sleeping on the Sky listening the steps of my heart they are embarking.
Wonderful love makes ears forget to listen opens the hearts it hears the sound
of love well.
Champagne waters feeling the rivers,
The Vase of flowers has sprung in capital letters when witnessing the Sun!!
Soil make a move letting the dust go to be left shining in brand new!.

I wrote a letter using my tears
It took thousands of drops to get it done
It took my breath and smile nearly got my soul!!!

What is it for it is in it for me to stay in it!?
Saw a ripe mango on someone else's tree!
Using the catapult had no means to have it.
My hands to beg and ask smoothly it shall fall for me!!
The light comes in through the window, to sparkling my eyes with kindness.
The bliss is blessing me blissfully I was unaware like the spoken naked truth!!
Zeus let thunder struck my heart so my love is pure conscious.
The ant doesn't froze in winter because it doesn't work out.
Five roses for my tea cup of coffee with honey,
Blanket in the middle of the day filled Kentucky bluegrass.
Basket we in the market shopping feelings and emotions.

Khangisani Ngcobo

Lovestruck

I don't play the lotto but I think I won the jackpot
'Fraid to lose you so I went and cashed out
They call me stingy
Call me greedy
Say I sold out
But I bought in
I got lovestruck

Timeless Love

I wake up and i think of you, i think of the way your silky black hair falls down your shoulders like a black hole in the shape of a beautiful river, the way your big bronze eyes look so deep and endless, the way your smile is able to hide the pain you carry and still give strength to others.

Seamlessly i float through the abyss that is your beauty, the warmth that is your weary yet loving heart, the light that is your soul. I slip into a realm so pure it could only be a dream, within which my hand is in yours and our hearts dance in harmony. I dream of taking your hand and sliding a ring on it, seeing you cry tears of joy...and there you are, walking down the aisle, with a beauty so angelic you almost float above the rest. Tears uncontrollably stream down my face as this angel steps into my presence with only two words in grasp..."i do". I find myself in bed, you beside me with a book in your hand, a book in mine and a peace unfathomable. Your presence alone flooding my heart with joy. I gaze upon your hands, kind and soft...your nails plain, unexplainably attractive, pure. Now I'm in the kitchen, i hear the voice of an angel, singing so sweet, so soft a tune, like a remedy for the soul and heart, pleasantly carrying my head onto your lap where i doze further into the deep. Suddenly woken by the driving force of my love, i find my hand empty and my heart cold...with a watery vision i travel through the day...with the hope that in my dreams again ill find the angel that is you.

Daydream

What would you say if I told you that I dream about you
Had to increase sleep time just to think about you
Guess I'm feeling lucid in a waking dream
Or maybe you are fading in my memories
Maybe I am stuck in a daydream
Or maybe I can't let go of your memories

Duma X

You.

**brown sugar, coffee, you
many people wish for many things
but on days like this I need just you.**

**You are the catalyst of my demise
it almost took me too long to realize
that home is not a where but a who
What I'm trying to say is that there's a thin
line between perfection and you, yes you**

**Don't look at me with those doubtful eyes
for I wish they could see what perplexes
my entire reasoning
I have always prided myself in how I
should show love
But you, you taught me how deeply I
should exude love
For it is not the enunciation and eloquence
of the idea but rather the intensity of it.**

**Brown sugar, coffee, you
many people wish for many things
but on days like this I need just you.**

LIFETIME

Known you for a few months but it feels like lifetimes
Thinking 'bout as you passing my mind
All the love I can give could last a lifetime
You could run all you like but you ain't leaving my mind
Not even a heartbeat you make me skip a time zone
If you give me just a chance I will show you my zone
Never really knew how to treat the love tone
But your love always was rather intone

Duma X

Love at First...

When I fell in love with her it was love at first...

Bet a coupla people read that line and added sight

Bet a coupla people told you if you love 'em let' em go

But if I have to fight then imma fight with all my might

The love I found in her was like a star in the night

High, and so bright, it nearly took away my sight

But on that fateful night she never took my breath away

Cause when I fell in love with her it wasn't first sight

Duma X

Wasn't Love

I genuinely thought we had a real thing going
That's up until the day you looked and thought I
never saw him
That's when I realized you had a fling thing going
I had to vent out so I wrote these poems
I guess I wasn't love I was a paycheque
That's why all of our dates turned to a rain check

MESSAGES

now

Someone Special

Rain check 💔

Duma X

Every Guy

Every guy you placed your eyes on,
You thought,

I, wouldn't see

Every guy you placed your eyes on,
I saw,

But you, never knew

But I stayed and gave you chance after chance

What were the odds that you'd give me a second chance

Every guy you placed your eyes on,
I knew,

You, would leave

Makoti

Part 2

MaNkosi kodwa yini
Sasithandana ngath' izingane noshukela
We makoti
Uwuswidi wami womkhuhlane
We makoti
Cela ungichazele ukuthi kwabheda kuphi
We MaNkosi
What happened to strawberries and cream

MaNkosi kodwa yini
Kade udlala ngalemizwa ka Nonkosi
We makoti
Usukhuzwa nawu mamezale uma ethi
We makoti
We MaNkosi
Ngiyakukhuza njalo
Khuzeka ngane
Qaphela ngane
Xwayiseka ngane

MaNkosi kodwa yini
Sasithandana ngath' izingane noshukela
We makoti
Uwuswidi wami womkhuhlane
We makoti
Cela ungichazele ukuthi kwabheda kuphi
We MaNkosi
What happened to strawberries and cream

Ride or...

You forgetting all the things that I did for you
You forgetting all the things that I gave to you
You remember all the flaws that I had so true
You remember all mistakes that I made with you

Flaws

Born with 'em, you'll die with 'em
But God gave you vision so ride to it
Cause life like love you ride or ... for it

Inhliziy♥ Yami

**Kanjani kanjani kanjani
Kwancibilika inhliziyo yami
Njalo mangibona wena
Yayixuma xuma
Ngagimamatheka**

**Kanjani kanjani kanjani
Ngakunika inhliziyo yami
Wadlala ngayo
Nangothando lwami**

**Kanjani kanjani kanjani
Kodwa kanjani ntokazi
Kodwa ngobani ntokazi**

Wasn't Enough

YOU AND ME COULD'VE BEEN LIT
COULD'VE BEEN LIT BUT WE WASN'T ENOUGH
WASN'T ENOUGH FOR THE STORY WE HAD

I HAVE A STORY TO TELL

YOU AND ME COULD'VE BEEN LIT
COULD'VE BEEN LIT BUT WE WASN'T ENOUGH
WASN'T ENOUGH FOR THE PEOPLE WE TRUST
WE WERE THE PEOPLE WE TRUSTED

YOU AIN'T EVEN WORTH THE PAIN NO MORE
I KEEP ON FEELING LIKE I HIT THE DOOR
YOU SHUT ME OUT OF YOUR LIFE AT THE DOOR
NOW I'M ON THE FLOOR

PICK MYSELF UP, DUST MYSELF OFF
STUMBLED AGAIN BUT I KEEP MOVING ON
WASN'T ENOUGH BUT I KEEP MOVING ON
NEVER GON' STOP IMMA KEEP MOVING ON

Duma X

Home

Home...

*They say home is where the heart is but mine ain't
You see that pain that's in your chest they call it heartache
It happens every full moon of every heartbreak
If you're feeling homesick I'll stay with you for your sake
I guess to stay would be good if you're the reason
As long as you don't change quarterly like the seasons
Cause they say home is a person, not a house*

Duma X

Never Home

*I'm seeing foundational cracks in this home
Summer, Autumn, Winter, Spring
Lights dimming, walls breaking
Sunny days, leaves dying
Windows shattering, ceiling falling
Rain, hail, snow, storm
You and I loved our house
But you and I were never home*

Duma X

Poisoned Love

**Your mama liked me but your papa hate me though
Feud as heated as Chelsea/Manchester
But I married you so I guess I'm winning
We were loving each other then we were
Poisoned with hate and a baby the antidote
But is it the answer though
Cause if it be born, it be born in a broken home
Your mother love you and your father love you too
But loving each other's where they can't relate no more**

Duma X

I Wish I Never Knew...

That moment we first met and I looked into your eyes
And you looked into mine... it was like we were made to fly in
the sky

Flying into a place we were both familiar with...

A place of hope and love...

But no.

I've never had regrets till now.

Now I'm a clown to your every desire to entertain
I bow down when the curtains are closing to prepare for the
next show

While my reward are heartbreaks and never-ending
disappointments

I wish I never knew the stars that sparkled in your eyes
The same ones that I thought were mine

I wish I never knew the sound of your heartbeat
The same one that left my heart in defeat-broken.

I wish I never knew the warmth of your arms
The same ones that suddenly turned cold and now harms

See when I first looked into your eyes, I liked the view on the
balcony of our journey together

When I didn't realise it was just for her...

I really wish I never knew you.

Never Look Back

Love who you are and who you are will love you back
When I said I love you she said no please take it back
Cause you know I'd love you back
But you know you can't love back
This is sentimental and the reason I looked back
But never call back
Never write back
Never text back
Cause that means I love back
But you locked that door one time so I will never come back

~~Poetic Type of...~~ Poetic Kind of...

*I said Poetic Type of Love
But you had hate more than I loved
You would've traded me for gold
If you ever had the chance
But if I ever had the chance
I would've asked you for a dance
I said Poetic Type of Love
Yes it's poetic but not love*

*You pulled my heart off my sleeve
You were much colder than coolers
My emotions weren't straight
So I just pulled out my ruler
This ain't Poetic Type of Love
It's a Poetic Kind of Hate
You contradicted what you said
Now I don't know who I can trust*

Duma X

AFFECTION

You can't keep living life in flirtation
And think that you're gon' keep your reputation
All your heart wants to feel is your affection
You just need to give it your attention
I keep on writing with expectation
I don't even need your admiration
I am writing for my aspiration
I keep on hoping for elevation

LoveGoneWrong

It still exists
Just harder to find nowadays
And even harder to keep
What'd you insist?
They assemble in contrasting ways
But what they have is deep

She shared her secrets
He shared his life
So he sat in regret
For not using a knife
When he failed courtship
Cause it was tough
She was in a friendship
He was in love

It still exists
Just harder to find nowadays
And even harder to keep
What'd you insist?
They assemble in contrasting ways
But what they have is deep

Friends said it was toxic
He said she's his soulmate
They said it was just a trick
But he believed it was fate
The more he tried to move on
The deeper he fell
A gone boy afraid to act on
But treated her well
So he asked if it exists
Or it's impossible nowadays
Cause he can't ever keep
He asks what you insist
She doesn't see him the same way
But what he had was deep

It still exists
Just harder to find nowadays
And even harder to keep
What'd you insist?
They assemble in contrasting ways
But what they have is deep

ngcoyamilo

Lost

Never explain herself

Never apologized

She never shared love around

She would only throw likes around

She took what she wanted and left us astonished

Now I am lost

Lost in my world and her world as the two world collide

She didn't even say goodbye

My last word to her was why

Duma X

8th of October

08/10

*Goodbye to the muse I used
Goodbye to the things we said
Things we did
Goodbye to the love we shared
No, the love I feared to share
Cause I was too afraid
Of not feeling loved
I was too afraid
Of not feeling love*

*On the 8th of October
It was five days after the fact
After the math
I never looked back
Or at least that's the promise I made
Erased from my life and I'm not writing back*

*On the 8th of October
Deleted her numbers
Deleted reminders
Deleted anything that told me I love her
Deleted the pictures
Deleted the videos
Deleted the memories kept in the safe*

*On the 8th of October
I started this poem
I started to hate what I write
Cause she was the reason I started to write
But she's not the reason I won't give this up*

AND ALL THE FAKE THINGS YOU DID
FAKE THINGS YOU SAID
ALL OF THE FAKE LOVE YOU FED

I GUESS I NEVER REALLY SAW THE FAKE TRUTH
FROM THE REAL TRUTH
AND THE FAKE YOU**

DOCTOR'S ORDERS

It's in your head

Love I mean

You don't feel it, you think it

You overthink it

You thinking IQ and not EQ

The doctor says

You have to stop that overthinking

To stop your heart from bleeding

You must remember yourself

Remember your past

But the past is pain

There's nothing to gain

Forgiveness he says

We could just pick you and pill you

Or infect you with some potions

But instead you gotta let go of hate

Embrace all the flaws

Fix the mistakes

Keep your back straight

Keep your chin up

And keep moving on
